

ECO FRIENDLY BANNERS

SUSTAINABLE | RECYCLABLE | HIGH IMPACT

Sustainable Print!

Even small changes in the workplace can have a big environmental impact. Businesses of all sizes are becoming more sustainable in an effort to cut carbon emissions to protect the planet and reduce spiralling utility costs to protect their business.

Sustainability is an issue that organisations can't afford to ignore and one which can bring a multitude of benefits.

Becoming more sustainable helps you:

- Attract customers and investors
- Enhance your brand and reputation
- Keep your competitive edge
- Reduce operating expenses and improve efficiency
- Increase revenue and long-term profitability
- Attract and retain employees
- Support energy security
- Reduce business waste
- Lessen business risk
- Comply with environmental regulations
- Make employees and shareholders happy

Eco Friendly Roller Banners

The Eco Roller Banner is built to be an environmentally friendly roller banner option. Printed on a specially developed paper-based material made from soft touch recyclable paper.

The base unit is made from recycled alloy the graphic can be replaced for re-use or if not, aluminium is widely recyclable. The graphic is compostable.

Outer packing is made from recycled cardboard sealed with paper packing tape.

The inks that the banner is printed with are completely odourless. It is UL ECOLOGO Certified and UL GREENGUARD GOLD Certified. The ink biodegrades at about the same rate as a leaf from a tree - around six months.

Size	Print Cost Ex Delivery
800 x 2000mm	£160
850 x 2000mm	£200
1000 x 2000mm	£250
5-7 working days turnaround	

95% of all material in our Eco Roller Banner can be recycled.

We aim to make products using recycled or renewable materials. At the same time, we're committed to reducing sending waste to landfill.

Banner Material

Made from paper, 100% plastic free and is widely recycled. Printed using eco friendly vegetable based inks.

Unit Enclosure

Made from aluminium, and is widely recycled.

GOING GREEN

Eco Banner Stand - Double Sided

Eco-Banner stands are printed cardboard free-standing displays that are constructed from three sections, a base, middle and top.

Designed with a tab fitting system to allow a push fit construction between the three sections. The 3 sections flat pack and fit in a cardboard carton for transport. Supplied with simple to use assembly instructions.

- 100% recyclable
- Re-usable
- Large print surface areas
- Double sided
- Extra print surfaces on the edges and base
- Add optional cardboard carry carton if required

Size	Print Cost Ex Delivery	Carry Case
600 x 1800mm	£180	£40
700 x 2000mm	£220	£40
800 x 2200mm	£260	£40

5-7 working days turnaround

How the Eco-Bannerstand Works

Step 1
Fold the flaps inside to lock the panel into shape for the top and bottom panels

Step 2
Construct the Eco-Bannerstand base

Step 3
Once the three parts are constructed, slot all of them together

GOING GREEN

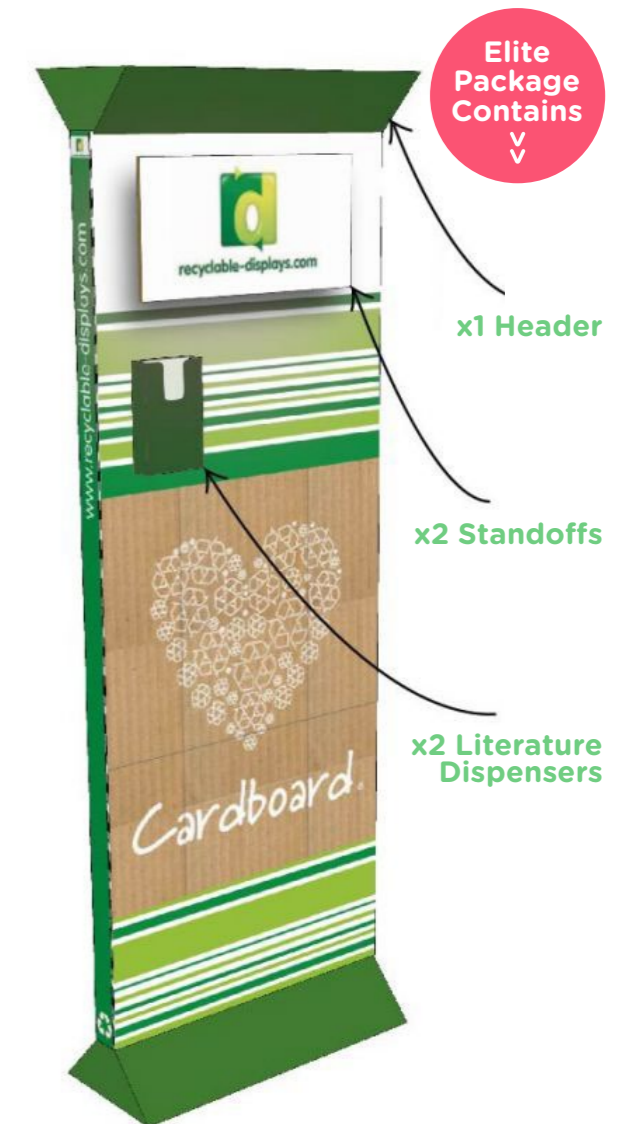

Eco Banner Stand Elite

The Elite Eco Banner stand includes a header, 2 stand-off graphics (these are based on an A1 size panel cut to your shape) and two literature dispensers (one for each side).

The stand-off graphics are fitted 30mm off the surface of the main stand. The literature dispensers can be fitted anywhere on the flat sides. Eco Banner stands are free standing, lightweight, re-usable and easy to fit together. They fold flat for packing and transport. User instructions are included. They are 100% recyclable.

Size	Print Cost Ex Delivery
600 x 1800mm	£270
700 x 2000mm	£330
800 x 2200mm	£390

5-7 working days turnaround
